One Man Killed and Two Woun ded-Desperate Resistance of Cowboys-, Sheriff's Posse Inder Fire-A Brace of Cattle Thieves Disposed Of.

SPECIAL BY TELEGRAPH TO THE RECORD-UNION.

TOMBSTONE, March 29th.-Following is a ondensed account from this evening's Epitaph of a desperate fight which took place this morning eight miles from this city, in which one man was instantly killed and two nortally wounded : Last evening word was received that two notorious characters, for whom warrants were lying in the Sheriff's office, named Billy Grounds, alias "Billy, the Kid," and Bewing Hunt, would be within eight or ten miles of town during the night. Upon receipt of this information Deputy period, however, it has been successfully yet among the people, but fish and wild game sheriff Breckenridge organized a posse to demonstrated that there is scarce, a limit call for help. had a posse, consisting of Jack Young, E. H. Allen and John A. Gillespie, READY FOR ACTION.

And at the appointed hour started on their mission. About 3:30 A. M. a messenger arrived in town, and reported to Chief of Police Nagle that a fight had taken place at Chaniler's ranch, and that one man was dead and everal wounded. About 7 o'clock another nessenger arrived with a note, which read as Send Coroner out to Jack Chandler's ranch.

One of our men dead. Billy Grounds is dying, and Hunt also. Jack Young is shot through the thigh. I got creased in the neck. E. H. ALLEN.

Immediately the news spread through town that Deputy Sheriff Brackenridge had been killed by cowboys whom he was sent out to arrest. There was great excitement, which was naturally intensified by the absence of definite news of the encounter. There had been warrants out for Hunt for nearly a year, but he had never been captured. The last Grand Jury brought three or four indictments against him for cattle-stealing. "The Kid," or Grounds, is also under indictment or cattle-stealing, having been engaged in the same thefts with Hunt. About half-past 11 the Chief of Police returned to town, bringng in Young, whose wound admitted of his being brought in without serious inconvenience; also bringing in the first AUTHENTIC DETAILS OF THE AFFAIR.

Nagle arrived at the ranch about 8 o'clock, found Gillespie dead on the ground, Hunt shot through the head, the wound being supposed to be mortal, by a charge of buckshot received full in the face and upper part of the head. Life was slowly but surely ebbing away. Young was wounded through the front of the thigh. A'len had a slight flesh wound on the right side of the neck. Breckenridge escaped with no serious damage. The Sheriff's party arrived at Chandler's

milk ranch just at daybreak. It was the intold to go to the other house-a small builddown. When part of the way there, upon looking around, they found that the entire

over night there, walked out, and was immefiring. Young is of the opinion that as many as two or three shots were fired before Gillespie was killed, but this is not certain, for as | Must not be forgotten, as it is claimed by soon as the battle opened the entire attention of all concerned was too closely turned to self-defense to note consecutively how matters did happen. Of one thing they are certain, however, that it was Hunt who shot Gillespie through the left temple, when he

FELL DEAD IN HIS TRACK.

He fired at Allen, the ball passing through causing a slight crease on the side of his Hunt through the breast, the ball coming out of his back. Hunt must have fired several When Young returned from going toward the lower house, he started to go around the escape when the firing commenced. One of a benefit to the whole county.

J. M. H. the shots, it is supposed from Allen's gun, passed through the house, going through two board partitions and side of the house, striking him as above described. John Gillespie. who was acting as special deputy, was a miner, and is highly spoken of by all who knew him, and his taking off in this manner is a deplorable event. That the whole posse did their duty, unflinchingly and bravely, is evidenced by the narrative of the events that occurred, and they are deserving the com-mendation of all law-abiding citizens.

MORE CRUELTY. United States Marshal Poole arrived in San Francisco Tuesday from Los Angeles,

bringing with him seven of the crew of the American ship Queenstown, as complain ants and witnesses against Captain Walter Collins and First Mate John McDonald, who were arrested some time ago and are now under bonds. The seamen are loud in their complaints of brutal treatment visited on them on a voyage from Antwerp to Wilmington, which, as the men contend, their articles of shipping designate as the place of destination. Upon arrival at Wilmington the seamen were denied the right to go ashore, those in command fearing that they would lodge complaints against them. After much difficulty experienced by seaman Charles Wallace, who managed to get to Los Angeles to swear out warrants, which had to be sent to this city to the Marshal, and then returned by him for service, the Captain and his chief officers were apprehended, the NEWHALL, March 29th.—Passed here today, to arrive in San Francisco to-morrow:
